ADDITIONAL INFORMATION FOR ALL STUDENTS OF BUSINESS ADMINISTRATION
Changes in Course Codes and Titles in Business Administration

The Centre is aware of certain difficulties students are encountering during registration as a result of Changes in Course Codes / Titles in the Business Administration Department. Therefore, the Exams Unit of the CDL wishes to make the following clarifications:

1. Students carrying over all Business courses that are not offered again in the new system are to come and write such courses during the Third Semester Examination period, Free -of -Charge.
2. Where the Course Codes and Course Titles are entirely different from what they were before, such courses are considered “Old Courses” and fall within the Third Semester category.
3. Where a Student has passed certain Junior Level Courses, such a student should not register those courses again even when such courses are now transformed into Senior Level Courses. His /her earlier results stands.

Where any student encounters difficulty in registration, please consult CDL officers or the Course Coordinator to avoid doing the wrong thing.

Thank you

(S.G.N.E.D)
